

Quick Setting Flowable Fill

C-Mix

SonFill's C-Mix is designed for high strength and very fast set up. C-Mix is made from 100% Class C Fly Ash. The viscosity range of C-Mix can be adjusted to allow the product to flow great distances with minimal elevation differentials. Our ability to mix onsite and have a continuous pour also means less truck traffic on job sites.

BENEFITS

- Open Street Cuts Sooner
- Displaces Water

FEATURES

- Flows Like Water
- Better than Cold Mix
- Fast Setting
- High Strength

SITUATIONS THAT CALL FOR C-MIX

- When you can't get asphalt and need a temporary patch
